ImageGrafix 2009 schedule on CAESAR II Training Courses

<http://www.image-grafix.com/training/index.htm>

COADE User Conference 2009

The conference will take place September 28 to 30, 2009 in Houston, Texas. <http://www.coadeuserconference.com/>

PV Elite 2009 & CodeCalc 2009 Released

The 2009 versions with ASME Addenda-08 have been released and are starting to ship. Read Details here: <http://info.coade.com/content/PVEliteRelease?elq=E57696D918D9465C94D72051841B4700>

Current Versions of COADE Software

Product	Version	Build Number	Build Date
CADWorx	2009	20080722	July 22, 2008
CAESAR II	5.10	080512	May 12, 2008
CodeCalc	2009	090101	Jan, 2009
PV Elite	2009	090101	Jan, 2009
TANK	3.10	080929	Sept 29, 2008

Current Versions of Autodesk Mechanical Software Products

<u>Sl. No.</u>	<u>Product Description</u>	<u>Version</u>
01	AutoCAD Mechanical	2009
02	Autodesk Inventor Suite	2009
03	Autodesk Simulation Suite	2009
04	Autodesk Inventor Routed System Suite	2009
05	Autodesk Inventor Professional	2009
06	Autodesk AliasStudio	2009
07	Autodesk ImageStudio	2009
08	Autodesk Productstream	2009
09	Autodesk Streamline	2009
10	Autodesk Showcase	2009
11	AutoCAD Electrical	2009
12	Autodesk NavisWorks Review	2009.1
13	Autodesk NavisWorks Simulate	2009.1
14	Autodesk NavisWorks Manage	2009.1
15	Autodesk Design Review	2009
16	Autodesk Freewheel	2009
17	DWG True View	2009

AUTODESK Product Retirement and Upgrade Promotion - Subscribe to the Future of Design

Autodesk Inventor now reads Catia files

Autodesk labs is making a beta of its Catia Import Translator available. It directly imports Dassault Systemes' Catia V5 R6-R18 files into Inventor 2009 and free Inventor LT 2009 software; Reads CADPart and CATProduct files, Imports solids, surfaces, wires, and points. Inventor needs SP1 to accommodate the translator. The translator was developed by Autodesk.

Edgecam 2009 R1 - Combining unrivalled ease-of-use and sophisticated toolpath generation

PIPENET VISION 1.32 FAQ

<http://sunrise-sys.com/faqs.asp>

HTRI "The Premium Heat Transfer Technology Provider" Software for all of your Engineering needs

HTRI methods and software—based on extensive research data collected on industrial-sized heat transfer equipment—have remained the industry standard for over 45 years. Our research is ongoing and unparalleled. As we obtain and analyze new data on shell-and-tube and non-tubular heat exchangers, air coolers, heat recovery bundles, and fired heaters, we update our methods and incorporate them into the next version of our software.

HTRI *Xchanger Suite*, the most advanced tool for the design, rating, and simulation of heat exchangers, brings our rigorous research to end users in an integrated graphical environment. With the addition of our latest component—*Xspe*—HTRI's premier technology and expertise are available in a full complement of products for all your engineering needs.
